Hire tutors to enhance teachers' capacity to help students improve academic performance in core	The learner diversity in each class has been a growing concern among all the major departments. Departments put their major emphasis on	Hired four external tutors to provide enhancement programmes for core subjects, i.e. Chinese Language and Mathematics.	The following departments organized enhancement programmes and reading programmes for students: Chinese Language and Mathematics and in total four outside tutors were employed to run the academic programmes namely:	From September 2021 to August 2022	Money for remuneration of four tutors approximately \$20,000 - Remunerat ion of two Chinese	The subject departments can better address the individual learning needs of some students in learning their subjects	The CEG Evaluation Report from each department on the effectiveness of each programme	HoDs Academic leaders

subjects	sharpening teachers' pedagogy to better address the issue. Teachers, however, had to look after far too many students who need support. This is out of their capacity if no extra resources are provided. Teachers, after school, in addition to attending pastoral and academic meetings, holding tutorial classes, taking charge of a CCA, setting formative and summative assessments, marking, organizing field trips, etc. did not have time to help those who are struggling academically.	Chinese Language: Two Tutors Mathematics: Two tutors Remark The CEG Proposals and Evaluation Report from each department is available upon request and can be accessed in the school's Resources Bank (R Drive).	external tutors: \$10,000 - Remunerat ion of two Mathemati cs external tutor: \$10,000	HoDs of the subjects can better support departments in their planning of curriculum, assessment and teaching. The workload of the subject teachers can be reduced
